WHY CONWAY HALL?

About Conway Hall

Ethics is our foundation. Conway Hall broadens the reach of ethics through learning, conversation, and creativity. We host our diverse programme of public events and our historic collection in our 1929 Grade II listed building in central London.

As an independent home for ideas and culture, we support diverse communities to engage with ethics through learning, conversation, and creativity, exploring the defining questions that shape our daily lives.

Conway Hall is a registered charity and receives no government funding.

We're known for:

Talks • Concerts • Partner events • Festivals • Library & archives
